GLUM'S THE WORD — The back-to-school fever seems to have these two Cameron youngsters who paused momentarily this week to wonder where the summer went. Bobby Jones, left, and Melvin Provazek will be among 1,325 Cameron youngsters expected to

start classes in city schools, Tuesday, September 3. School officials expect a greater number after the first few days of classes. Meanwhile Cameron youngsters count 11 vacation days until school opens.

Commission Votes Increase For \$352,370 Milam Budget

Milam County Commissioners Monday approved a 20-cents per \$100 valuation increase for the 1957-58 county budget that would bring in an estimated \$352,370 for the year.

Estimated expenditures, excluding county officials' salaries, will be about \$327,734, according to County Judge Charles Smith, Jr. Judge Smith said the increased rate was to provide \$52,400 of an estimated \$75,000 needed to buy right-of-way for a new US 77 route from Minerva south to the Lee County line.

Budget Approved Monday

County commissioners approved the budget Monday at the Milam County Courthouse.

Expenditures in 1956, including officers' salaries, totaled \$314,313, Judge Smith noted. Total expenditures estimated for 1958 will be about \$419,774, including officials' salaries.

Judge Smith pointed out that the state furnishes part of officers' salaries.

The new tax rate is 95 cents per \$100 valuation, Judge Smith told The Herald, compared to the old rate of 75 cents.

Revenue produced by the tax rates as estimated in the budget are:

Jury Fund — 2 cents — \$1,200
Courthouse — 5 cents — 15,500
and Jail
Gen. Fund — 35 cents — 115,370
Gen. Road — 38 cents — 163,800
and Bridge
Spec. Road — 15 cents — 46,500
and Bridge

The tax rate of 95 cents is applied to the current valuation of

Maize Harvest Hits Peak Production

The peak was reached in Milam County's maize harvest last week as local grain buyers reported their storage capacity either filled or to be filled by next week.

Wilson Elevator reported its facilities full, having handled four million pounds of milo up to August 13.

Harvest Tapering Off

Both companies reported grain buying and storing tapering off after going full blast all last week.

Milam Grain Co. reported storing about 100 cars of grain and

shipping out an additional 45 cars through Tuesday.

Wilson Elevator reported a late start due to construction delays.

Bassel Wilson said that corn was coming in steady. He said that the corn looked as good as the maize this year.

County Agent J. D. Moore said that maize harvesting would continue through this week while corn is now reaching its peak for harvest.

On the cotton scene, area gins reported that cotton growers are starting to bring in earlier cotton for baling.

The first bale in Milam County was baled about two weeks ago.

Cotton Picking Scattered

Moore said that cotton picking began in scattered areas of the county. He estimated that most cotton picking will begin by the first week in September.

Cotton buyers reported that some growers predicted one-half bale production in some areas of the county.

Austin Builder Submits Low Bid For City Armory

A new armory building for the use of Milam County's Guard unit, Battery C, 649th AAA Battalion came a step nearer reality this week when a bid for its construction was awarded by the Texas National Guard Amory Board in Austin.

Successful bidder is Camp Construction Company of Austin on a bid of \$98,000.

The Texas National Guard Amory Board had advertised for bids for the construction of a large armory here in Cameron during July and opened the bids August 1.

Plans and blue-prints which Battery C received at that time call for one of the National Guard's newest type Amory buildings, 108 feet long, of concrete tile and brick construction.

Location will be on the 20-acre tract the National Guard owns here in Cameron. It will adjoin the present building being used as an Amory.

In addition to the new Amory, plans call for other improvements including a large gravel surfaced parking area for the use of Guardsmen's automobiles on drill nights.

School Board Votes Lower '58 Budget

The Cameron city school board Tuesday night approved a 1957-58 school district budget of \$426,017, about \$80,000 less than last year.

School fathers estimated that tax revenues in the district will bring in about \$103,000 for the local maintenance fund.

The school budget last year was \$506,196.

Largest increase in the budget scheduled was in teacher salaries which went up \$26,000, officials said.

Major reason for the decrease was due to deletion of any amount for new school buildings, they pointed out.

The board also hired two negro teachers. Christine Smith was hired to teach second grade at O. J. Thomas while Froncell Reese will replace Bessie Poole who moved to California.

School board members voted three to two to maintain the school account from 1957-59 at Citizens National Bank. Citizens National has been depository bank for the past two years.

In other action, the board approved a bid for a vegetable slicer for the school cafeteria with funds for the \$160 machine to come out of the lunch room fund.

Also approved were plans for new ground wiring at the Industrial Arts & Agriculture building. Cost is to be about \$100, officials said.

Post-Polio Census To Include List Of Non-Paralytics

The census of post-polio patients, now being assembled in the county includes victims of non-paralytic polio and those crippled by the disease, Dr. David Shapiro, medical advisory committee chairman, pointed out today. The census is being conducted by the Milam County Polio Chapter.

"Medical research in recent years has demonstrated that some patients, originally listed as non-paralytic cases, may develop muscular weaknesses, curvature of the spine and limb deformities, even after a lapse of several years," Dr. Shapiro explained.

After the census of all post-polio patients has been completed, an intensive study of their current medical needs will be conducted. Both the census and evaluation programs are financed by the National Foundation.

Not all those registered in the present canvass will require help at this time, Dr. Shapiro said, nor can help be given to all who desire it. "What we are doing now is to get an up-to-date picture of the size of the problems so that we can measure our own responsibilities to the polio victims of the past," he said.

Costumed Contest Set For Tonight

"That's no lady, that's my husband!"

Cameron softball fans will have an opportunity to glimpse real "femmes fatale" 7:30 p.m. Thursday when the Kiwanis and Lions Clubs of Cameron meet in a softball contest at Yoe Field.

Uniforms of a new and different kind will be the order of the day as team members from both clubs don feminine apparel for the game.

Besides providing an interesting softball spectacle, Lions and Kiwanians hope to raise funds for charity. Admission is 15 cents for children, 35 cents for adults.

Leo Jackson will umpire the game. And club wives and spectators will attempt to identify husbands and friends.

Polls Open Saturday

Voters To Consider Watershed Proposal

Voters in the San Gabriel River watershed in Milam County will join with voters throughout the entire watershed Saturday in deciding whether they want a flood-prevention project.

Officials said under the plans already approved by the Soil Conservation Service, the federal government would spend between four and five million dollars building 50 small dams on the creeks and streams and draws of the watershed.

The watershed residents' share of the cost would be \$150,000, divided among the property owners living on the 543,000 acres in the watershed. The area extends from Burnet in Burnet County through Williamson County on into Milam County where the San Gabriel runs into Little River, officials noted.

Milam County areas included in the watershed include the towns of San Gabriel, Sharp, Tracy, and Davilla.

Voters will vote at regular voting boxes, except for a few such as farmers living in the watershed who ordinarily would vote in Thorndale. There will be no voting box at Thorndale which is in the Brushy Creek district.

Farmers living just beyond the divide who customarily vote in Thorndale will vote at San Gabriel.

Company Says Yearly Losses In Cameron Reach \$35,000

The City Council Tuesday night rejected by unanimous vote a request from Southwestern Bell Telephone Co. for a rate increase for local telephone service.

C. L. Carson, company manager, told councilmen that the request was made for the Cameron exchange due to yearly losses approaching \$35,000 here.

Councilman Charles Brady motioned that the request for new rates—\$11 for business phone, \$5.60 for one-party residence phone, \$4.25 for two-party and \$3.50 for four-party—be denied. The council voted unanimously to deny the increase request.

Carson noted that the company had last received a rate increase here in October, 1954, based on 1953 operating results.

He said that the Cameron exchange has been losing money at the present rate for sometime.

Brady challenged the company's right to request increased rates based on present telephone service here. Carson said shortage of personnel caused some difficulty in providing service in a manually operated central.

City Atty. Bill Black asked Carson how the company showed on operation records fund taken in from long distance calls.

Carson said the Federal Communication Commission required that the separate records be kept for local income and costs and toll income and costs.

He said the Cameron exchange took in \$121,000 in local revenue and was credited with \$88,449 in long distance income. He went on to say that long distance money was divided throughout the system based on a state-wide accounting system.

Carson also said that higher operating costs and wages caused the request for higher local rates.

The telephone company manager indicated that installation of a dial system in Cameron was inevitable. It would mean lower operating cost, he said, but would require more than a half-million dollar investment.

Doug Jones, company representative in Cameron, outlined investment values and replacement costs based on present prices.

In other business, the council also voted to pay attorney fees totaling \$512 for the recent litigation over a 16-inch waterline on South Washington disputed by Mayor Robert Weems.

The council also denied a request from the M. G. Cox estate for dismissal of penalty and interests on some delinquent property taxes.

Building Continues On Service Stations

Construction continues on two filling stations going up on West Fourth St. this week.

Mr. and Mrs. Jack Cammer are constructing a cement block structure across from the new Safeway store. They plan to lease the operation to Sinclair Oil Co. for 15 years when completed.

Meanwhile, work was to be completed in another week on the new Magnolia station going up on W. Fourth at the intersection of US 77 and SH 36.

The Sinclair station will have four pumps, Cammer said. Completion date has not been set. Contractor is Bert Joiner, San Antonio.

Albert McCullin Will Be Awarded Divinity Degree

The Rev. Albert W. McCullin, Jr., will receive his Bachelor of Divinity degree from the Perkins School of Theology at Southern Methodist University August 23rd.

Rev. McCullin, son of Mr. and Mrs. A. W. McCullin, is a graduate of Yoe High School and received his BA degree from Southwestern University. He has been serving as pastor of the Carthage Circuit while attending theology school.

Rev. McCullin's wife is the former Doris Senkel of Cameron. They have one son, Albert III, 2 years old.

Jack Cammers Return From Japanese Tour

Mr. and Mrs. Jack Cammer, correspondents for The Herald during a five-week tour of Japan and Hawaii, have returned to Cameron.

The Cameron business couple visited with their daughter at an air force base near Tokyo for about three weeks and visited in Hawaii before returning to the United States.

They left Hawaii August 12 after a six-day tour, then continued on to Cameron after three days in San Francisco.

"We enjoyed the trip more than anything in our experience," Mrs. Cammer said. "And we want to go back to Hawaii sometime. It is really a tourist's paradise."

The Cammers reopened their tailor and cleaning shop Monday.

Teaching Staff Includes 4 New Instructors At YHS

Four new teachers have been added to the teaching staff of Ada Henderson, Ben Milam and Yoe High Schools, according to Supt. Wiley Loughmiller.

YHS Principal J. R. Young and Elementary Principal Leon Brady again will direct their respective schools.

New teachers on the YHS staff this year are Mr. and Mrs. Monroe Wiedehker. He will teach industrial arts while Mrs. Wiedehker will instruct YHS commercial classes.

The school board two weeks ago also hired Billy Joe Michalka as YHS math instructor and Tuesday hired Mrs. W. L. McIntosh as English teacher at YHS.

Teachers for the 1957-58 year are:

SAVING

YOUR SOIL

Roy H. Poe and his brother are doing a fine job of improving their ranch about four miles South of Thordale. Since receiving assistance in planning a soil and water conservation program for their ranch from technicians from the Soil Conservation Service in 1954, they have dug three ponds and developed 72 acres of Bermuda pasture.

They have about 6 or 8 acres of Coastal Bermuda which they prefer to common Bermuda grass. It produces more forage and stays greener. Cattle seem to prefer it over the common Bermuda grass.

Fertilizer is the key to the pastures on this place. All the old fields that have been tilled are solid in Bermuda grass or are almost solid. One 5 acre trap was planted in watermelons only three years ago. Last fall it was fertilized with 100 pounds of 10-20-10 and disk. It was grazed this spring until the sudan was ready to graze. In five or six weeks this 5 acres was cut for hay and made 75 bales.

Martin Jenke, who lives in Thordale and operates a farm about 4 miles south of town, has a good stand of Coastal Bermuda grass on about 8 acres.

He worked up a good seed bed and applied 300 pounds of 10-20-10 fertilizer before setting the grass sprigs out by hand.

Almost all of the sprigs lived and have put out runners that are lapping in the middles of three foot rows. This grass is now ready for limited grazing.

R. L. Cain is another cooperator of the Taylor District, who is sold on Coastal Bermuda grass. He sprigged 20 acres last spring on his farm about 4 miles Southeast of Thrall. He plans to sprig 20 more acres next spring.

He also has Coastal Bermuda grass on another farm that lies in another Soil Conservation District.

Cain has planted vetch in some of his pastures and says that he likes it for grazing. Vetch and small grain on Bermuda sod makes a fine combination. Bermuda needs fertilizing and stirring and while that is being done vetch and small grain can be planted for a small expense. The grain and vetch gives good grazing before the Bermuda put out in the spring.

If the vetch is not grazed too hard it will make seed and volunteer. It has volunteered on old fields scattered over the District for the past seven years.

Best results are obtained by using the seed enough to cover them.

Consignments Climb At Cameron Auction As Demand Improves

Consignments increased Thursday at the Cameron Livestock Auction as 116 sellers sold 419 cattle and three sheep in sale activities.

Officials noted a good demand for replacement type cows, calves and good quality stocker steers. Prices, they said, were fully steady in these classifications.

Prices were steady in other classes though a slight drop was noted in fat cows, officials said.

Seaton Farmer Gets Big Maize Yield

Jerry Trampota at Seaton reports a yield of 4200 pounds of maize following two rows of cowpeas and four rows of corn.

Hubam sweetclover was turned under on this land in 1954. Trampota is a cooperator of the Central Texas Soil Conservation District.

Another success story is reported by Jim Redding, district cooperator, east of Troy who made 197 bushels of corn per acre. It was irrigated six times, fertilized with 400 pounds 16-20-0 before corn was planted, and side dressed with 200 pounds. Ammonium nitrate (34 percent nitrogen) per acre.

The corn was in 36 inch rows with the plants 5 inches apart in the row.

31 Wheat Varieties Get 'Undesirable' Brand From USDA

COLLEGE STATION — Because of inferior milling or baking qualities, 31 wheat varieties have been listed by the U. S. Department of Agriculture as undesirable.

They will be discounted 20 cents a bushel in price support rates on the 1958 wheat crop.

According to Extension Agronomist R. J. Hodges, several varieties of hard red winter wheats, the type most commonly grown in Texas, are on the list. They are Blue Jacket, Chiefkan, Early Redhull, Kankin, Redchief and Red Jacket. Others listed are soft red winter, hard red spring, durum and white wheat varieties.

County Agent J. D. Moore adds Hodges, has a complete list of the undesirable varieties. The designated varieties were found to be undesirable for commercial food use. The discount was adopted three years ago in the support operation to discourage the planting of undesirable wheat varieties and lessen the possibilities of U. S. wheat of inferior quality getting into domestic and export channels.

Representatives of crop improvement associations have strongly urged the action to help improve the quality of the nation's wheat crop.

31 Wheat Varieties Cut Thirty-one wheat varieties have been listed by the USDA as undesirable and will be discounted 20 cents a bushel in price support rates on the 1958 crop. County agents have a list of these varieties.

Crop Board Sees 11 Percent Drop In Cotton Crop

COLLEGE STATION — The Crop Reporting Board has forecast a 1957 cotton crop of 11,897,000 bales—11 percent less than last year's crop of 13,310,000 bales and compared with the 1946-55 average of 13,669,000.

An average loan rate of 28.81 cents a pound, basis Middling & inch, was also announced.

Handicapped by unfavorable early season weather, crops made an exceptionally good response to favorable late June and July weather. However, lateness of crop in northern areas of Central Belt, Oklahoma and North-west Texas, only partially overcome remains the limiting factor.

The expected yield per acre for the U. S. of 416 pounds per acre is only one pound less than the 1955 record high and compares with the 1946-55 average of 399 pounds. Record-high yields are expected in Georgia, Texas, Arizona and California with better than average yields in other states.

The average loan rate of 28.81 cents for middling upland cotton is an increase of 0.66 cents above the advance "minimum" rate announced last winter. This final rate reflects 78 percent parity price of 36.93 cents a pound for upland cotton as of August 1, 1957.

Water is very important in poultry production. It constitutes 66 percent of an egg and 55 percent of a bird's body. Keep plenty of clean water convenient for the birds.

Egg Law Requires Licensing Before Resales Are Legal

COLLEGE STATION — The Texas Egg Law, which becomes effective today, provides that no person can buy or sell eggs within this state for subsequent resale without first obtaining a license from the Commissioner of Agriculture.

Exceptions to this, says F. Z. Beanblossom, A&M extension poultry marketing specialist, are those who sell from their own flock and claim no grade; hatcheries which buy eggs for hatching; public eating places where all eggs purchased are served by the establishment; food manufacturers purchasing eggs to be used only in their products; agents employed and carried on the payroll on a salary basis by persons licensed under this act; and any retailer, as defined by law—that is, any person selling or offering for sale eggs to consumers in this state.

The annual fee for dealers, wholesalers, and processors shall be determined according to the average weekly volume of the month in which the licensee handled the most eggs in the preceding twelve months ending on May 31.

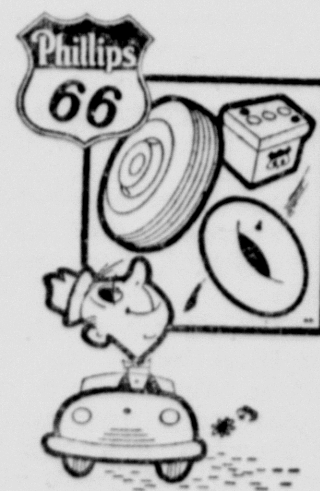

The deadline for obtaining licenses is October 20. Actual enforcement of the law will start February 17, 1958.

Crops grown on mineral deficient soils produce food that may cause a deficiency in our bodies as well as in the bodies of livestock. Supply the soil well with minerals. A soil test may be needed to determine the exact needs.

A Tribute . . . To Our Home Builders

We used to call them artisans years ago. Today we call them home builders, which is far more embracing. The sincere architect, contractor, bricklayer, plumber, steamfitter, carpenter, lather and electrician who contributes his specialized knowledge and talent to the building of your house is, in every respect, a man of vital importance. You dream of a home. And these artisans make your cherished dream come true. Yes, we might say that they are the most important people in America. For they are building not only for today . . . but for all the tomorrows that lie ahead. Let's be thankful our community has such home-loving builders!

Turkey Offers Summer Delight

By Julia Hunter
No longer is turkey just a Thanksgiving and Christmas treat. Turkeys are one of the best summer meat buys for Southwestern consumers.

Roast turkey dinner with all the trimmings is always good and roast turkey slices, cubes, strips and chunks make dozens of dishes. There are plenty of small size turkeys too, for broiling and frying.

Roast turkey is one of the easiest of all meat dishes to prepare. Just place the turkey, breast side up, on a rack in an open shallow pan. Do not add water. For beautiful golden browning, cover the bird loosely with a clean white cloth dipped in melted butter, marinate or bacon drippings. Roast in a moderate gas oven (325 degrees F.) according to size.

Six to 10-pound birds take 3 1/2 to 4 1/2 hours, 10 to 14 pound birds take 4 1/2 to 5 1/2 hours and 12 to 16

pound birds take 5 to 6 hours. Doneness of the turkey may be determined by whether the drumsticks can be moved up and down easily and whether the thigh meat or thickest part of the drumstick feels soft when pressed with the fingers.

Barbecue seems to be a must in summer months. Barbecue whole turkeys or turkey pieces in the oven, in the broiler, on a rotisserie or out of doors. "Paint" the turkey with a favorite barbecue sauce and start the cooking. Baste with additional sauce about every half hour for whole birds and about every 15 minutes for pieces.

Use turkey for some of the dishes often made only with chicken. Turkey and dumplings for example, or a steaming turkey pie with crisp brown pastry. Chinese dishes take to turkey too; turkey chop suey or turkey chow mein.

(Makes about 8 servings)
1 tablespoon (1 envelope) unflavored gelatin
1/2 cup cold water
1 1/2 cups large can undrained Carnation Evaporated Milk
1 cup mayonnaise
1/4 cup lemon juice
1 1/2 cups well-drained cooked peas
1/2 cup finely chopped onion
1/2 cup finely chopped celery
1 cup (4 ounces) grated process-type American cheese
Mix gelatin and water together in small bowl. Let stand until gelatin is softened. Set bowl in pan of hot water over low heat until gelatin is dissolved. Slowly add Carnation to mayonnaise in bowl, stirring constantly. Add lemon juice and dissolved gelatin. Fold in remaining ingredients. Blend well. Spoon into 1 1/2-quart mold. Chill until firm (about 2 hours). Unmold and serve on salad greens.

1,325 Students To Enroll In Public Schools Sept. 3

Supt. Wiley Loughmiller today announced that about 950 white students are expected to attend opening of classes September 3 at Cameron public schools.

The number was set by a spring school census, he pointed out. He said about 375 Negro students are expected to enroll opening day at O. J. Thomas School. The figures were down from total attendance last year in city schools, Loughmiller said, but he emphasized that a number of students will start classes later to increase the total.

1,067 Attend In '56
In 1956, white student attendance totaled 1,067 in Yoe High School, Ada Henderson and Ben Milam Schools.

Attendance last year at O. J. Thomas reached 421.
New Yoe High School students will find five first-floor classrooms with new flooring and walls painted, the superintendent said.

Other Yoe High improvements include a new roof and outside doors.

On the Yoe campus, sidewalks have been widened or added, he pointed out, between the school buildings and gymnasium.

At Ada Henderson, improvements include 200 new books in the library, a new set of encyclo-

pediae, a film strip projector and three rooms of new desks.

A new range was added to the Ada Henderson kitchen, Principal Leon Brady emphasized.

Class Schedules Changes
Brady also noted revision of classroom schedules for sixth, seventh and eighth graders. They will have 45-minute periods ex-

cept the first and last periods of the day.

In addition, Brady said, separate periods for sixth and seventh grade health classes and eighth grade general science have been set up.

No changes were announced for Ben Milam School, newest building on the Yoe campus.

Ondrej Family Has Reunion Gathering At K. C. Hall Here

The Ondrej family met recently for a family reunion at the Knights of Columbus hall.

Attending from Cameron were Will Ondrej, Annie and Ed Ondrej, Mr. and Mrs. John Ondrej and Mrs. Joe Hubner.

Out of town guests included Mr. and Mrs. Alfred Biskup and family, and Mr. and Mrs. T. L. Biskup and grandchildren, Wichita Falls, Mr. and Mrs. Elma Hurry and family and Edward and Bobby Biskup from Waller, Mr. and Mrs. Fred Vavra and Jo Ann Biskup of Houston, Mr. and Mrs. George Shovies and family and Mrs. Bobby Brajms and family from Austin.

6 Cameron Teachers Total 160 Years In Classroom Work

Six Cameron public school teachers have taught 160 total years, a survey of the teaching staff showed this week.

Miss Agnes Dusek, Ben Milam fourth-grade teacher, has the highest total with 33 years experience closely followed by Miss Dallis M. Young with 32 years. Miss Young teaches physical education at Yoe High School.

Miss Katherine Sproull, sixth grade instructor, has taught 29 years. She is followed in classroom experience by Mrs. Charlie Nabours, fifth grade teacher, who has taught 23 years.

Francis Cox, YHS band and city schools music director, has 22 years in the classroom, closely followed by Miss Ada Margaret Smith, YHS history teacher, with 21 years teaching.

At O. J. Thomas, ranking teacher in line of experience is Miss Lula B. Montgomery with 29 years in the classroom.

Legion Auxiliary Backs Revolving Scholarship Fund

During a meeting of the American Legion Auxiliary at Kathy's Cafe last Monday evening a revolving scholarship fund was set up to help a boy or girl attend business school each year.

Mrs. E. L. Kohutek, president of the Auxiliary, stated that the club would award the scholarship at the end of each school year. School officials will be asked to make recommendations to the club on scholarship candidates.

Mr. and Mrs. O. B. Horstmann and their children, Mr. and Mrs. Lane Horstmann and sons of Midland and Mr. and Mrs. Jack Crueger, New Braunfels are guests in the home of the Horstmanns' daughter, Mr. and Mrs. Calvin Spilman at Pasadena, this week. A few days of fishing are planned for the family reunion.

100-Piece Marching Band Awaits Opening Of YHS Football Season

About 100 Yoe junior and senior students will strut their stuff when back-to-school bells ring and football season opens for the YHS Yocemen.

Francis Cox, veteran band director for the aggregation, today said that the band will build its half-time shows around popular music as in past seasons. Last year they played such favorites as "Hound Dog," "Don't Be Cruel," "Que Sera," and "Big D."

Cox sets high standards for the group which performs with military precision and musical finesse, the director pointed out.

He emphasized that 23 of his 100-member group are Ada Henderson School students. Their contribution is often underestimated since the band is noted as the YHS band.

The marching band has been practicing throughout the summer, preparing for the fall football season.

Cox's organization has played at every football game, whether home or away, except for some out-of-town games during WW II. Both players and fans look forward to the band's performance at any Yoe football game.

Cox said that Jimmy Asher again will handle public address duties during half-time shows. Drum major this year is Carol Ann Heitman.

Following is the YHS marching band roster for 1957:
Flutes & piccolos: Judy Shapiro, Darlene Moore, Mary Duncum, Ann Allison, Vera Perrin, Jackie Dusek, Connie Gerick, Patti Hightower, Sandra Baskin.

Clarinets: Mary Vegelsang, Peggy Hightower, Ann Graham, Margaret Young, Gloria Boyls, Carol Boyls, Lydia Krenak, Becky Foster, Albina Kolodejak, Barbara Kotrola, Charlotte Gay, Patricia Janek, Mary Kestenbaum, Lanette Laffere, Leon Terry, Pat Matula, Rebecca Terry, Dolores Zalesky, Kathy Witt, Kay Pernice, Mary Shumate, Peggy Moseley, Myrna Jackson, Dolores Tindall.

Alto Clarinets: Nelda Baskidge, Bobby Edmonds.

Bass Clarinets: Catherine Mikula, LaNelle Russell.

Saxophones: Patsy Anderle, Peggy Schiller, Kay Camp, Ronald Plentl.

Cornets: Judy Sutter, Joyce Smalley, Patsy Bowen, Dale Smith, Nancy Matyastik, Louise Kohl, Charles McGregor, Dianne DuBois, Karen Adams, Jean Lester, Joyce Fuchs, Charles Wilkins, Betty Kestenbaum, Linda Kirk, Suzanne Lippman.

School Officials List Schedules For Enrollment

Cameron school officials today announced pre-school registration schedules in all four city public schools.

Principal J. R. Young, Yoe High School, listed the following registration schedule set for Thursday, August 29 at the YHS Library.

8:30 — band members and athletes.

10 a.m. — seniors and juniors.

1 p.m. — sophomores.

2 p.m. — freshmen and new students.

At Ada Henderson and Ben Milam Schools, Principal Leon Brady called for a six-hour registration period for new students from 9 a.m. to 3 p.m. Tuesday, August 27, at Ada Henderson School.

He emphasized to parents that 6-year-olds must have with them their birth certificates and immunization records, including small pox and diphtheria records.

Brady said that 6-year-olds registered in May need not register next Tuesday.

No new students will be registered on the first day of school at either Ada Henderson or Ben Milam schools, Brady announced. School opens, Tuesday, September 3.

Principal John H. Williams, new principal at O. J. Thomas, said that O. J. Thomas High School students are to register Monday afternoon, September 2. O. J. Thomas also opens classes September 3.

Non-HS Graduates May Join Reserve

Men in the 17 to 18½ age group who have not completed their high school education may enlist now and request a delay of up to one year prior to entering active duty for training.

These men will attend weekly drills with their Reserve Units during this period. Upon completion of active duty, they will have a remaining obligation of three years in the Ready Reserve and 3½ years in the Standby Reserve. "The addition of the Army Re-

serve enlistment options to the many beneficial options offered men enlisting in the Regular Army for three years, makes it possible for men in the 17 to 26 age group to select a military training plan which fits into their career plans," said Sfc. Dermody.

Complete information on the options available in each program is available at the Army Recruiting Station, 902 North Main in Temple.

School Safety Days Ahead

It's back-to-school time, that's right, just 12 days until Cameron schools open their doors for the 1957-58 school year.

But it's more than just back to classes for our children. It's back to safer driving practices for adults who, perhaps, drive a bit more carelessly past city schools when they know school is out.

The city has instituted one-way traffic south on Lee St. past Ben Milam School from East 11th St. to East 10th St. Cameron motorists should be mindful of the change . . . one for the greater safety of Ben Milam grade schoolers.

Throughout the city, however, children will be trooping back to classes. Wherever they are, and they're everywhere, motorists should be more than aware of their driving responsibilities.

Who knows when a 6 year old is going to dash across the street?

It behooves Cameron drivers to think ahead these days. No one can predict when that unseen child will appear just ahead.

If the car is exceeding safe driving limits, well... who will be to blame?

Teen-agers too should take heed of the potential disaster a fast drag take-off might create. Twelfth St. along the Yoe High School campus appears at times to be a testing ground for local hotrods.

Thus, it's not just back to school for the kids, but back to school, safe driving school, for adults alike.

Classes begin officially September 3. Let's start preparing right now!

THE LITTLE RIVER PHILOSOPHER

Growing Cities Will Solve
Farm Problems, Sage Muses

By J. A.

The Little River Philosopher has discovered a new angle on the surplus situation, his letter this week reveals.—Ed.

Dear editor:

I don't know whether or not I can wait that long, but if I can hold on to my farm out here for a few more years, things ought to be going my way.

The reason I say this is because of an article I read in a newspaper last night which showed up on this place without explanation. There it was in the front yard when I came in yesterday afternoon and I picked it up without asking any questions. When a newspaper turns up unaccountably, or when your bank balance shows more than you thought you had, or your income tax return goes through unchallenged, a smart man knows it's time to keep quiet and not look back.

According to it, the cities and suburbs of the United States are expanding at the rate of a million acres a year—that's right, a million acres a year—and anybody can see if the process keeps up the problem of farm surpluses

eventually will be solved.

It's for this reason I am calling on the farmers of this nation to get off their tractors for a minute and join all the chambers of commerce and civic progress clubs they can in pushing for bigger towns. Every town and city in the United States wants to grow, to expand, to industrialize, and everybody knows the way to make a city man happy is to tell him he's going to be twice as crowded next year as he was last year.

Up to now, I have sat back and let the cities fight for this goal on their own, but it has now occurred to me the more land the cities take up, the less there'll be to farm, and the less there'll be to farm, the more a farm ought to be worth.

With a million acres a year going into city property, this beats the Soil Bank all to pieces for taking land out of cultivation, without costing Congress a cent.

As I see it, all us farmers have to do to finally get in the rider's seat is sit back and egg the cities on. If you know where I can join a chamber of commerce or a booster's club on credit, let me know. Yours faithfully,
J. A.

Disabled Persons Draw Break In Social Security Program

The Social Security Administration today called attention to new social security rights for persons who have been disabled for some time and veterans with service-connected disabilities.

New amendments recently passed by Congress and signed by the President extend the deadline for persons severely disabled before January 1, 1958, to file an application for a "freeze" to protect their social security benefit rights.

The amendments also provide that veterans with service-connected disabilities may receive a full disability benefit under social security along with their full disability compensation from the Veterans Administration.

The new deadline is June 30,

1958.

Social Security benefits are based on the average earnings of the worker. Under the disability "freeze" provision, years of no earnings, because of disability may be dropped in computing the average earnings. This retains full benefits for disabled workers, based on their period of actual employment.

Previously, for disabled veterans, the social security payment was reduced by the amount of compensation received for service-connected disabilities. The offset continues to apply in cases involving veterans pensions which are paid for non-service-connected disability and certain other public disability payments.

Weekly Scripture

That I may know him . . . and the fellowship of his sufferings. (Philippians 3:10) 2:7-13.

PRAYER

O Lord, to all of us some of the ills of life fall. In our experiences of suffering may we think of them as means of knowing Thee better and being brought into closer fellowship with Thee. Help us to prove loyal to Thee and to one another. For Jesus' sake. Amen.

CARD OF APPRECIATION

I wish to take this means of expressing my sincere appreciation to my many kind friends for flowers, cards and personal visits extended to me during my recent illness.

Especially do I want to thank the doctors and the staff of nurses at Newton Memorial Hospital.

Mrs. Furmon Shuffield.

The Navy has ordered a machine that can do in two minutes the mathematical calculations that would take a man a lifetime to do. Called the UNIVAC-LARC, it will provide speedier and more accurate computations for designers of the Navy's atom-powered fleet.

If you could drive an automobile 1,000 miles an hour and bring it to a dead stop in two feet, you would have an idea of what the recoil system has to do each time a turret gun is fired aboard a Navy ship.

MY FRIEND

Folks used to wonder what Grandpa Brown and I had in common. He must have been close to eighty when I was just a kid. But I remember him as one of the best friends I ever had.

He was a wonderful old man, with a simple, native wisdom. We used to go fishing together, and he would talk to me about God and Faith and Love. I remember he used to say people shouldn't wait until they're in trouble before going to Church. "When you're happy," he told me, "take time out to offer a prayer of thanks for your good fortune."

The Church, he used to say, had acted as a balance wheel for him during good times, and a bulwark during bad times.

Down through the centuries the Church has made great Christians out of unassuming people, who in turn have transmitted the blessings of the Church to the oncoming generations. I hope I can impress Grandpa Brown's Faith and Wisdom upon others as I was impressed by him.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Nancy Lawrence W. Adams Wed

Miss Nancy Jane Lawrence and William Robert Adams exchanged nuptial vows during a candle light service August 10th at the First Methodist church before a back ground of white gladiolus and mums.

Daughter of Mr. and Mrs. Walter Hayden Lawrence, the bride attended Baylor University and holds a Bachelor of Science degree from Sam Houston State College in Huntsville. Mr. Adams is the foster son of Mrs. R. L. Batte, Sr. He is a senior chemistry major at Texas A&M College in Bryan. Mr. Adams served in the U. S. Army in Korea and is at present employed with the State Chemistry Laboratory at College Station.

The Rev. Mark C. Majors of Marshall officiated at the double ring ceremony.

Mrs. Hilliard Thomas accompanied Mrs. Calvin Spilman of Pasadena as she presented the selections "Because" and "The Lords Prayer."

Given in marriage by her father the bride wore a floor length gown of white Alencon lace and tulle with a chapel train. Ruffles of lace and tulle cascaded down the skirt with a wide panel of lace embroidered with sequins and seed pearls. The bodice and sari neckline were also embroidered with sequins and seed pearls. The brides fingertip veil of illusion was caught to a crown of pearls. She wore elbow length knit gloves embroidered to match her dress and carried a bouquet of Stephanotis and Phalaenopsis topped with white orchids.

Attendants were Mrs. John W. Beale, Abilene, matron of honor

MRS. WILLIAM ROBERT ADAMS

and Miss Betty Jean Summers, Fort Worth, bridesmaid. They wore identical ballerina length gowns of blue nylon lace over taffeta and carried bouquets of white mums. The attendants also wore wide brimmed blue crowns fastened with pearl studded flowers.

Mr. James J. Smith, Huntsville, Alabama, was best man. Groomsmen were Mr. Bob Batte and Mr. John W. Beale, Abilene. John Todd Lawrence, Clifford Angell, Eldon Batte and Mike Mcmurtett, Jr., served as ushers.

A reception was held in the church Fellowship Hall immediately following the ceremony.

White gladiolus carnations and mums decorated the hall. The brides table was decorated in white satin and centered with an arrangement of white carnations and candles held in a crystal and silver cierge. The three tiered wedding cake was decorated with frosted white roses and blue flowers, topped with white miniature bells.

Mrs. Eldon Batte served the cake and Miss Jane Henderson poured. Miss Joyce Wallace attended the brides book. Others in the house party were Mrs. James F. Smith, Miss Rita Reid, Miss Carol Anne Wilson and Mrs. Patsy Brister.

The bride's mother chose a blue dress of tiered nylon lace over taffeta with blue accessories and white gloves. She wore a white orchid.

For a wedding trip to New Orleans and Florida the bride chose a two piece navy blue dress with navy accessories and a white orchid.

The couple will be at home at 2260 A. Echols, Bryan.

Out of town guests included Dr. and Mrs. T. F. Buckhalter, Dr.

and Mrs. J. F. Fudge, Miss Mary Pedigo, Miss Beverly Couch and Miss Margie Smith from Bryan. Mr. and Mrs. James F. Smith, Huntsville, Alabama, Dr. and Mrs. John Evans, Alice, Mrs. Byron Colburn, Somerville, Mrs. Hugh Conway, Alexander, Louisiana, Mrs. Theodore Barney, Youngstown, Ohio, and Masters Freddie and Mickey Jackson of Houston.

Splash Party Honors Miss Kathryn Kahler At Country Club Sat.

Mrs. J. H. Kahler honored her daughter, Kathryn, with a splash party and picnic at the Cameron Country Club Saturday. The occasion was Kathryn's fourth birthday.

Raggedy Ann was the theme of the picnic enjoyed by ten guests. The birthday cake was shaped and decorated to represent a raggedy Ann doll, with plates, cups and napkins also carrying out the theme.

Sgt. Floyd Huffman Returns From Korea

T-Sgt. Floyd Huffman his wife and three children spent several days last week visiting in the home of his mother, Mrs. Chester Huffman, Rt. 1. He also visited his sister, Mrs. Inez Fikes of Houston and his brother, Elgy Hatch at San Antonio.

Sgt. Huffman has just returned from a year of duty in Korea and following his leave he will be stationed with the U. S. Air Force at Myrtle Beach, South Carolina.

A 1939 graduate of Yoe High School, Huffman served six years with the Air Corps during World War II. He joined the Air Force in 1956.

DO YOUR CAR WHEELS NEED BALANCING?

Yes, even most
NEW cars need wheel
balancing jobs

A good wheel balancing job with a modern Hunter Balancer pays for itself fast. That's true because unbalanced wheels pound your tires to an early death—and increase wear and tear on the front end of your car.

You get more pleasure out of driving—greater comfort, smoother riding, easier steering when you get a wheel balance job done with the modern Hunter Balancer. Yours will be a safer car on the highway, too.

Local P-TA To Open Program With Party Here September 5

The Cameron Parent-Teacher's Association will open a nine-program year 7:30 p.m. Friday, September 5, with a lawn party at the Yoe High School tennis courts. A special invitation has been extended to all parents, teachers and school board members for the first program, according to Mrs. E. O. Smith, Jr., acting chairman of the Association.

The Cameron P-TA is for parents and faculty of Ben Milam, Ada Henderson and Yoe High Schools.

Music for the program will be furnished by the YHS Band.

Mrs. Smith said that theme for the P-TA's 1957-58 school year will be "New Ventures in Partnership."

She listed eight other programs for each school month in the year starting with the second meeting October 3. All meetings, she pointed out, will begin at 7:30 p.m. each meeting night and end at 8:30.

Mrs. Smith emphasized that the first program is being held especially for the public.

The monthly program schedule highlights discussions led by various city and school leaders and a style show in April 1958, under the supervision of Mrs. W. T. Whatley, head of YHS home economics.

Here is the complete year's program:

OCTOBER 3 — "Parents and Youth can be Partners," Panel discussion with representatives from the different schools. Leader: The Rev. Richard Bradshaw.

NOVEMBER 7 — "Partners in Education," leader, Don Humble. Devotional, Mrs. E. J. Davis, Jr.

DECEMBER 5 — Film — "Individual Differences," leader, Mrs. George Bowman.

JANUARY 2, 1958 — "What Youth Worries About and Why," leader, Mrs. Herbert Nance.

10-Game Yoe Season Starts With Rockdale

The Yoe High School Maroon and Gray will meet Rockdale in the first game of the 1957 football season with nine other games slated for the year.

No reports have been received from the South Milam camp, but Coach Leo Jackson says that the first ballgame will definitely foretell how the Yoemen will fare in later conference games.

Conference games in 9 AAA are slated with Stephenville, Killeen, University High (Waco) and LaVega, the last four games of the season.

Here is the complete 1957-58 schedule:

September 13	Rockdale	Here
September 20	Brenham	There
September 27	Bryan	Here
October 4	Marlin	There
October 11	Rosebud	Here
October 18	Alvin	There
October 25 *	Stephenville	Here
November 1 *	Killeen	There
November 8	Open (Not to be filled)	Here
November 15 *	University High (Waco)	There
November 22 *	La Vega	Here

* Denotes Conference Games

FEBRUARY 6, 1958 — "Music As You Like It", Francis Cox, music director for Cameron public schools will evaluate the music program and present selections by the school's choral group. Group singing will follow.

MARCH 6, 1958 — "Guidance With a Meaning," featuring films "Helping the Child to Accept the Do's" and "Helping the Child to Accept the Don'ts," leader, Dr. Elmer O. Smith, Jr.

APRIL 3, 1958 — "Our Children are Capable."

The students of the Homemaking Department under the supervision of Mrs. W. T. Whatley, head of the homemaking department of Yoe High School, will lead the fashion parade wearing their accomplishments.

MAY 1, 1958 — "What Has Our Partnership Venture Revealed?" A review of the past year's accomplishments.

FULLBACK Guy Dillon, 195-pound senior, will be one of the sparkplugs of Yoe High School's 1957 football team. All conference last fall and honorable mention on all-state, Dillon promises to be one of the Yoemen's top gate crashers. He averaged five yards a clip in 1956. YHS's entire starting backfield will return for the '57 season.

CAMERON, TEXAS' HERALD, AUGUST 22, 1957

VA Lists Discounts On GI Home Loans

Permissible discounts on GI home loans, ranging from 2½ to 5½ points according to locality and amount of down payment, were announced by Veterans Administration August 5, Dr. George T. McMahan, VA Center manager in Waco, said today.

VA control of discount rates on GI-guaranteed home loans is directed in the recently enacted Housing Act of 1957.

Dr. McMahan said discounts cannot be charged to a veteran buying a home under VA guaranty, but must be absorbed by the builder under the GI Bill.

No allowance for the discount rate paid by the builder will be made by VA in appraising GI homes, Dr. McMahan said.

VA To Limit Fees

However, in accordance with the new law, VA said it will limit the fees and other charges payable by the builder in obtaining construction financing.

Both builders and lenders will be required to certify they have not and will not impose any charges, fees, or discounts in excess of those permitted by the agency, VA said.

Two allowable discount scales have been set up by VA, depending on the veteran's down payment. Loans with a down payment of less than 10 percent call for higher discount rates. Minimum down payment permitted by VA is 2 percent and the maximum interest rate is 4½ percent.

Discount rates for individual states, territories, possessions and the District of Columbia, may be changed from time to time, Dr. McMahan said.

The new controls will apply to all GI homes for which appraisal requests are received by VA on and after August 5, 1957.

Discount Highlights

Other highlights of VA's discount control regulations are:

1. To get interim conventional construction financing, builders may pay 6 percent interest, a service charge of 2½ percent, and

eous expenses.

2. Builders may pay a commitment fee of 1 percent of the GI loan to the lender making a loan to the veteran, or to the investor who agrees to buy the loan from the originating lender.
3. VA will not authorize builders to pay service fees of charges for "standby" or "warehousing" agreements in excess of the allowable discounts.
4. The seller of a used home may pay the allowable discount and commitment fee.

Harvest In Safety

Harvest time can be hazardous. When harvesting machines are operated in the "rush of the harvest", accidents can mount rapidly, warns W. L. Ulich, extension agricultural engineer.

Mr. and Mrs. Charlie Duncan recently visited with Mrs. C. E. Moseley in Thorndale.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL
AMENDMENT TO BE VOTED
ON AT AN ELECTION TO BE
HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO.
37 proposing an amendment to Sub-
section (a) of Section 62, Article XVI
of the Constitution of Texas, relating
to establishment of a retirement, dis-
ability and death compensation fund
for officers and employees of the State.
BE IT RESOLVED BY THE LEGIS-
LATURE OF THE STATE OF
TEXAS:

Section 1. That Subsection (a) of
Section 62, Article XVI of the Con-
stitution of the State of Texas be
amended so as to read hereafter as
follows:

"Section 62. (a) The Legislature
shall have the authority to levy taxes
to provide a State Retirement, Dis-
ability and Death Compensation Fund
for the officers and employees of the
State, and may make such reasonable
inclusions, exclusions, or classifica-
tions of officers and employees of the
State as it deems advisable. Persons
participating in a retirement system
created pursuant to Section 1-a of this
Constitution shall not be eligible to
participate in the Fund authorized in
this Subsection, and persons partici-
pating in a retirement system created
pursuant to Section 48-a of Article III
of this Constitution shall not be eligible
to participate in the Fund authorized
in this Subsection except as provided
by Section 63 of Article XVI of this
Constitution. Provided, however, any
officer or employee of a county as
provided for in Article XVI, Section 62,
Subsection (b) of this Constitution,
shall not be eligible to participate in
the Fund authorized in this Subsection,
except as otherwise provided herein.
The amount contributed by the State
to such Fund shall equal the amount
paid for the same purpose from the
income of each such person, and shall
not exceed at any time five per centum
(5%) of the compensation paid to each
such person by the State.

"Should the Legislature enact en-
abling laws in anticipation of the adop-
tion of this Amendment, such legisla-
tion shall not be invalid by reason of
its anticipatory character."

Sec. 2. The foregoing Constitutional
Amendment shall be submitted to a
vote of the qualified electors of this
State at a special election to be held
throughout the State on the first Tues-
day after the first Monday in Novem-
ber, 1957, at which election all ballots
shall have printed thereon the follow-
ing:

"FOR the Constitutional Amendment
amending Subsection (a) of Section 62,
Article XVI of the State Constitution,
relating to establishment of a retire-
ment, disability and death compensa-
tion fund for officers and employees
of the State."

Sec. 3. The Governor of the State
is hereby directed to issue the neces-
sary proclamation for said special
election and this Amendment shall be
published and the election held as re-
quired by the Constitution and laws of
this State.

Amendment Approval Would Raise Pensioners Income \$2 Per Month

A \$2 monthly increase in wel-
fare checks to Milam Countians
would go into effect next year if
an amendment set for the Novem-
ber 4 ballot is passed, accord-
ing to the Taylor Press.
The increase would be \$3.168

more a month in money going to
pensioners in Milam County. Total
old-age pension recipients in Mi-
lam is 1,583.

Milam County pensioners drew
\$72,690 from the state in July, ac-
cording to The Press while near-

ly Williamson County received
\$65,911 in pension money.

Average pension paid out in
Texas each month is \$45.06.

Approval of the state consti-
tutional amendment, one of a trio on
the November ballot, would mean
the \$2 increase.

Increases would also go to
needy blind and dependent child-
ren.

Half of the increase will be

furnished by the federal govern-
ment. The amendment in effect
will raise the statutory pension
limit now in law.

The total increase would mean
a \$5 million dollar increase from
42 to 47 million.

The increase will cost Texas a-
bout \$3.2 millions per year.

Total yearly increase to Milam
pensioners would be \$37,892, if the
amendment is passed.

60 Yoe Gridders Begin Practice Aug. 30

Veteran Squad Will Turn Out For Two-A-Day

Back to school means back to gridiron for about 60 Cameron Yoemen who begin practice August 30 for the 1957 football season, according to Head Coach Leo Jackson.

In a Herald exclusive August 1, Jackson reported that his Yoeman stood about par with two other conference squads to win the 9AAA crown this fall. They are Stephenville and University High of Waco.

But Jackson's veteran units will be out to beat their coach's forecast when they start morning-afternoon practices Friday, August 30, at Yoe Field.

They will practice 8 a.m. and 4 p.m. August 30, Jackson said, and 8 a.m. and 7:30 p.m. August 31.

A third morning-evening practice schedule precedes opening of school September 3 when his A and B teams will report for practices at 7 a.m. and 7:30 p.m. September 2.

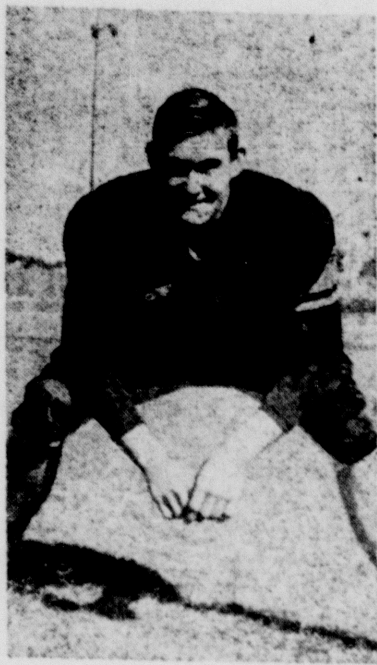

'56 Backfield Returning

On hand for the first practice will be Jackson's entire 1956 starting backfield which he rates his strongest weapon for the fall schedule. Backfield coach Murphy Webster will be working to build a strong second unit of backs to reinforce the first-string unit.

In the line, Coach Jim Speer has Gene Hillman, 205-pound senior tackle, to anchor the 1957 Yoeman forward wall.

The 1957 edition promises some strong hopefuls to fill graduation losses such as All-Conference Monroe Bayer, tackle, and six other lettermen-linemen in 1956. Paul Hoelscher, Johnny Solomon, Johnny Rubac, Kenneth Bowley, Billie Kostroun and Ferrell Angell.

Among YHS's 17 returning lettermen are two all-conference backs. They are Fullback Guy Dil-

lon, 195-pound power runner, and Halfback Warren Rinn, second team all-district last year.

Turnout for the first fall practice will include about 30 varsity candidates and 30 aspirants for the B team, Jackson said.

17 Lettermen Back

Returning lettermen are: Jesse Kirk, Bobby Elliott, Hubert Marek, Warren Rinn, Toddy Lawrence, Archie Mraz, Johnny Davis, Guy Dillon, George Zarosky, Jimmy Smalley, Raymond Tepera, Allen Dodson, Sidney Koranek, Lee Hollas, Ray Green, Arthur Marek and Gene Hillman.

Up from the 1956 B team are Johnny Tepera, Paul Young, Joe Humplik, Griffith Barrett, Roger Terry, James Fontaine and Burns Thomas among others vying for a varsity post.

Student managers are: Kenneth Hollas, Newton Barta, Turner Newton, Clifford Swift and Herbert Thweatt.

Cameron will operate off the standard T, Jackson asserted, with three passers spotting an all veteran offensive backfield. La-

Player-By-Player Outline

Jackson Lists YHS Grid Roster, Individual Yoemen Prospects

Yoe grid fans wonder what's in store for their YHS grid team this fall, but Coach Leo Jackson has come up with a thumbnail sketch of each player and individual prospects for the new season.

The outline below lists the player's past performances and possibilities this year, Jackson points out.

But here is the complete outline:

YOEMEN LETTERMEN

JESSE KIRK - 165 - Junior Halfback

He is number one punter of the mYoeman Squad. Jesse plays right halfback, runs hard and tackles viciously from an outside line backer position.

BOBBY ELLIOTT - 155 - Senior Quarterback

Bobby will be starting his third year at the important quarterback's position. He is an excellent play selector and above average passer. He is used sparingly on defense because of his value on

beled his best passers are Elliott, Mraz and Dodson, according to Jackson.

3 Punters Listed

And he apparently sees no shortage of punters with Kirk, Green and Marek slated to share booting honors. Place kickers come in pairs for the Yoemen this year with Dillon and John Wayne Jospy rated by Jackson his best extra-point men.

With all the first-line strength gracing his roster, Jackson said, his biggest concern for the Maroon and Gray is bench strength.

"But with 17 lettermen and some good B-team material up this season," he continued, "we may just solve that problem right away."

offense.

HUBERT MAREK - 160 - Senior Halfback

Hubert is one of the faster boys on the squad. He is being counted on to play the left half back position. His next running average was better than five yards per carry.

WARREN RINN - 150 - Senior Halfback

Warren was a regular right half back in the past two seasons. He was selected on the second all-district team. He is the fastest boy on the team and is capable of going all the way on one play. He also played a regular halfback on defense.

TODDY LAWRENCE - 150 - Senior Halfback

Toddy earned his letter as a defensive half back. He is fully capable on running offense. He was injured in the latter part of the '56 season.

ARCHIE MRIZ - 140 - Junior Quarterback

Archie earned his letter as a quarterback. He will work at quarterback and halfback. He can throw the long pass.

JOHNNY DAVIS - 140 - Junior Halfback

Johnny is one of the smartest boys on the team. He plays regular on defense and is a hard runner. He will be used both on offense and defense. Has above average speed.

GUY DILLON - 195 - Senior Fullback

Guy was the only junior to make the 1956 all-district team. He received honorable mention for all-state. He averaged better than 5 yards per carry. He is a great football player on both offense and defense.

GEORGE ZAROSKY - 165 - Ju-

guard position.

JOHN WAYNE JOSEY - 150 - Senior End

John is a good pass receiver. He is one of the best extra-point kickers on the team.

DEAN KENNON - 160 - Sophomore Guard

Dean played fullback in Junior high, but was changed to a guard position on the "B" team and in spring training he showed promise of becoming an outstanding guard.

CHARLES HOLLAS - 145 - Sophomore Quarterback

He is one of the smartest boys on the squad, very quick to recognize defensive weakness. He is also a good tackler.

HOWARD MCKISSACK - 170 - Sophomore End

Howard has the physical make-up to be outstanding. His height will be an asset for pass receiving and blocking.

TRINE ALVAREZ - 160 - Sophomore End

Trine played a backfield post on the 1956 "B" team and was moved to an end position for spring training.

HERMAN KORANER - 185 - Sophomore Tackle

He is one of the most improved

boys on the squad. He will make a strong bid for a starting position.

YOEMEN

FROM SPRING TRAINING

JOHNNY MOSELEY - 170 - Senior Tackle

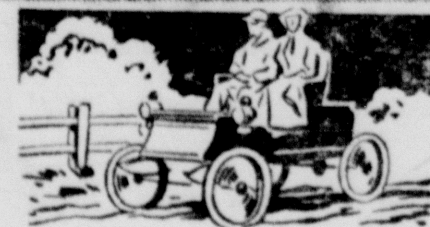

Johnny came out for spring training and immediately began to show strong possibilities. He is a good prospect.

JOHNNY JEDLICKA - 140 - Se-

nior Back
He is very fast. The only thing to keep him from starting will be the lack of experience.

Deaf Man Perfects Cordless Hearing Aid

Worn Entirely on One Ear
PEORIA, Ill. (Special) — H. A. Lyons, who himself has been hard of hearing for over 25 years, today announced the perfection of a miniature electronic hearing aid that is so small it is all worn on one ear.
It weighs but a fraction of an ounce and can be slipped on and off easier than a pair of eye glasses. Wearer gets all-directional pick-up and normal use of telephone. There is no clothing interference because it is worn at the ear, which is the natural way to hear.
Since the aid is tiny and is worn
